Ämne: Re: European Agency for Safety and Health at Work

Dear Kenny,

These are the documents you have to sign. The first one is a letter that you have to print with the logo of your union (very important) and sign it. It says that you want to cooperate with the project and that Funespor will be in charge of everything. It's the letter of intent, I think it's called. The next document which contains 18 pages, you have to print it and signed and also send it to Funespor.

I will appreciate if you can send them by fax once you have print it and sign it, to Funespor to the fax number: + 34 922 28 91 59 and you will have to send it urgently today by courier to Funespor to the following address:

*Funespor
 Rambla General Franco n° 19
 Santa Cruz de Tenerife 38006
 Islas Canarias
 España*

It will be great if this could arrive tomorrow morning. Monday it's the deadline and they would like to prepare everything by tomorrow.

If you have any question you can call me at the office + 34 93 2252528 or to my mobile phone + 34 646 479590. Thanks.

Hallo Teresa

I got the mail from you yesterday. I wonder if we have got the money for the project, and if the documents have to be in English or if it is OK in Swedish.

The address to European Agency is it the same as to Funespor

Göteborgs
Hamn AB
