Dear Sirs,

Re: Our discussion on 22nd of Dec. 1983 re: m/v "Kh. Romas"

As it was agreed during our abovementioned meeting, by present letter I confirm, that immediately after departure of m/v "Khudozhnik Romas" from Gothenburg, the owners - Baltic Shipping Co, Leningrad, were informed by undersigned about necessity to re-instruct BCL's masters once again, that all stevedoring operations in the terminal should be done by yours only and never by crew-members.

Taking into consideration my explanations about arising of this matter I hope, Dear Sirs, that we can close question.

Thank you in advance for co-operation,

Yours truly,

Vadim A. Semenovkyh
